EDUCATION

HARAMAYA UNIVERSITY

BSc in Software Engineering 2023- 2027

SKILLS

Programming

- JavaScript
- TypeScript
- Python
- Java

Frontend Development

- React JS
- Next.js
- Tailwind CSS

Backend Development

- Node.js
- Express.js
- NestJS
- FastAPI
- REST APIs
- JWT Authentication

Database

- PostgreSQL
- MySQL

Tools

- Git
- GitHub
- Postman
- VS Code

Others

- Team Leadership
- Problem Solving
- Agile Collaboration

CERTIFICATIONS

Data Analysis and Visualization Using Python
INFNOVA Technologies

LANGUAGES

Amahric(Fluent)

English(Fluent)

ABOUT ME

Software Engineer and Full Stack Developer with hands-on experience building AI-powered learning platforms, startup solutions, and real-world web applications. Skilled in React, Next.js, Node.js, NestJS, and PostgreSQL, with a strong focus on creating scalable, user-centered digital products. Passionate about solving real problems through clean code and collaborative development.

WORK EXPERIENCE

Sof Omar Technologies

July 2026–Aug 2026

Full Stack Developer

- Built PharmaET, a multi-branch pharmacy management platform that reduced medicine wastage through FEFO inventory and expiry tracking.
- Solved poor stock visibility across branches by enabling real-time inventory and sales monitoring.
- Enabled continuous sales during internet outages with a fully offline-first point-of-sale system.
- Eliminated manual errors in purchasing by streamlining purchase orders and goods received note processes.

Ministry of Innovation and Technology(MINT)

Feb 2026–June 2026

Software Engineer

- Contributing to the development of a startup-investor matching platform
- Collaborating with multidisciplinary teams in an innovation-focused environment
- Participating in backend system planning and platform architecture discussions
- Supporting scalable platform development for startup ecosystem solutions

Innobiz-K Ethiopia(Ink)

April 2026–May 2026

Full Stack Developer

- Contributing to the redesign and development of the organization's website
- Collaborating with team members on frontend and backend integration
- Improving user experience and responsive web design
- Participating in implementation of modern web technologies and scalable features

Fluentian

March 2026–Apr 2026

Backend Developer

- Built authentication systems using FastAPI and JWT authentication
- Contributed to development of an AI-powered learning platform
- Designed and tested backend APIs for scalable application workflows
- Worked with database integration and backend security practices
